

## Bathroom Solutions

**2017  
COLLECTION**

# The Croydex Company

From the beginning in 1919, Croydex traded as the New Croydon Rubber Company. It was well known as a key supplier of household items to the ironmongery and houseware trades. Significant milestones in the history of the company were marked by product introductions, such as the 'Sham-mix' shampoo spray in 1934, a concept still proudly marketed and sold today. Continuing the theme of market leading patented innovations, the Twist 'n' Lock range of suction fix storage and bathroom accessories launched in 1999 has continued to evolve, with the introduction of Twist 'n' Lock Plus and the more recent Stick 'n' Lock Plus adhesive pad technology.

With a change in times, came a change in name, with the Company renamed as Croydex in 1975. The logo has evolved over the years but is still as recognisable a brand as it was many years ago.

Croydex celebrated 90 years of successful business in 2009 and as a new and exciting development in 2015 were acquired by Norcros plc. Their portfolio of businesses are well established, service a broad customer base and benefit from leading market positions and strong brands including Triton Showers, Vado, Johnson Tiles, Norcros Adhesives and Abode Home Products.

From our 5-acre site in Andover, Hampshire our in-house design team create leading edge, innovative new products with manufacturing partners, including the design of the unique Flexi-Fix fixing system in 2012 that has revolutionised the bathroom accessories market. With the launch in 2014 of our Sit Tight 'Double-Fixed' toilet seat and our "Rust Free" Wireware in 2015, we continue to lead in product design and innovation.

Quality of products remain paramount to the business and this is evident from the emphasis we place on standards. Directly employed Quality Assurance teams span across the UK, Europe and beyond. Regular inspections are carried out ensuring that every product supplied to our customers meet the very highest of standards.

Croydex continues to prosper in these ever changing markets, not only in the UK, but across Europe, the USA and beyond, and has developed to become a recognised brand of bathroom accessories and fittings.

With the centenary approaching, Croydex have embarked on a re-brand of all packaging which will carry them forward for the next hundred years.

## 1919

New Croydon Rubber Company founded by Thomas Greenfield. Specialities included rubber squeegees, hot water bottles and tap washers.

## 1938

Shower bath curtains – "Hemmed all round and complete with chromium plated eyelets at top".

## 1962

First colour photographs used in Croydex catalogues.

## 1975

Company renamed as Croydex; a brand name in use since 1923. The logo has changed many times over the years but is still recognised around the country.

## 1984

Acquired by the Hanson Group of Companies. Croydex working in partnership with Coloroll to match shower curtains to wallpaper.

## 2004

Expansion of wall mounted accessory ranges to give a comprehensive category of styles and designs.

## 1934

Croydex brand 'New shampoo spray' – the 'Sham-mix' – the first version of a Bath and Shampoo spray that we still sell today!

## 1959

Rubber swirlits for taps... fix onto your taps to swirl the water around – yes, just like Grandma used to have!

## 1967

Moved manufacturing sites from Croydon, Surrey to Andover, Hampshire.

## 1977

Acquired by the London Brick Company. By now Croydex were selling a full range of shower curtains as well as rods, rails and bath mats.

## 1999

Became privately owned. Creation of the revolutionary Twist 'n' Lock range of products.

# The Croydex Company

## 2011

Launch of Stick 'n' Lock, easy fixing wall mounted accessories combining screw fix and adhesive pad technology.

## 2014

Croydex launch Sit Tight, the 'Double-Fixed' toilet seat, designed to prevent seat movement.

## 2015

Croydex expands its range of Hang 'n' Lock cabinets and mirrors, with the majority of these products now including this patented system.

## 2015

Acquired by Norcros plc. Croydex expands its range with two new collections of Flexi-Fix wireware for easy fixing bathroom storage.

## 2012

Launch of Flexi-Fix. A unique fixing system that will revolutionise the bathroom accessories market.

## 2015

Launch of rust free wireware with a minimum 5 year guarantee.

## 2015

Croydex launch Click 'n' Lock, an easy assembly alternative to flat pack furniture. No tools required.

## 2017

Croydex embark on a rebrand of its packaging, introducing a new logo and brand identity.

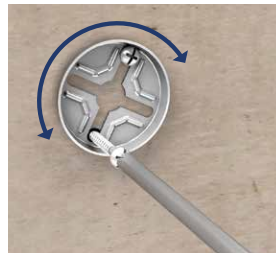

# Croydex Innovations

The Flexi-Fix range of wall mounted products feature a unique 'X' plate which can either be fitted using existing fixing holes or screwed to new ones. Alternatively, the patented bracket can be glued to most surfaces, including uneven walls or shiny tiles, eliminating the need for drilling completely. With three ways to fix, there's an option for everyone.

## THREE WAYS TO FIX

### RE-FIX

Aligns to old holes

### SCREW-FIX

To new holes

### GLUE-FIX

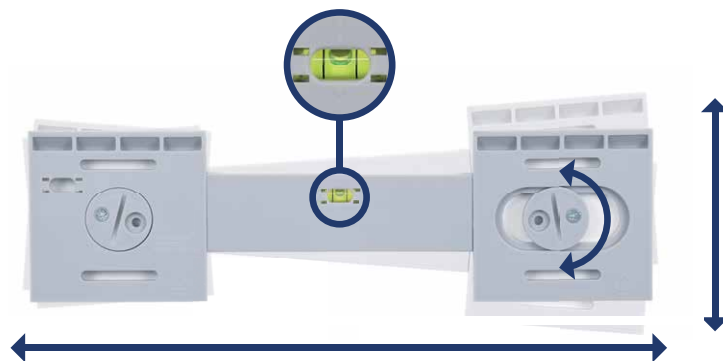

To most surfaces

Fixing large bathroom accessories doesn't have to be a two man job. Croydex's Hang 'n' Lock system avoids the awkwardness of having to struggle to measure distances and mark screw holes in one hand whilst supporting a heavy bathroom item in the other. Bathroom furniture in the Hang 'n' Lock range can be fitted in just four easy steps. Simply attach the brackets to the wall, adjust using the built-in spirit level, hang the product and lock securely in place.

## SINGLE PERSON INSTALL

Croydex's patented Stick 'n' Lock technology combines the fixing methods of being able to use an adhesive pad that sticks to most flat, finished surfaces or using the unique screw fixing option to fit to any surface, including uneven tiles. The products are easy to remove and clean when applied using the adhesive pad method and come with a free 5 year guarantee against rust. No drills or screws are required, providing two easy ways to fix.

## TWO WAYS TO FIX

### ADHESIVE FIX

### OR... SCREW FIX

- 5 Year rust free guarantee
- Sticky pad adheres to most flat, finished surfaces. (It is unsuitable for some unfinished materials such as brick, blockwork and loose, flaky surfaces)
- Screw fix fits to any surface including uneven textured tiles
- Easy to remove and clean (when applied using the adhesive fix method)

# Croydex Innovations

This patented semi-permanent accessory range combines both suction fix and screw fix technology, allowing the complete range of wall mounted accessories to be used anywhere in the bathroom. With no drills, screws or glue required, these bathroom accessories take the hassle out of renovating your bathroom. They also provide the added benefit that if you apply the product using the suction fix method, the products can then be easily removed for cleaning.

## TWO WAYS TO FIX

### SUCTION FIX

### OR... SCREW FIX

- Suction fix fits to smooth, flat, shiny glazed tiles or glass
- Screw fix fits to any surface including uneven textured tiles
- Easy to remove and clean (when applied by the suction fix method)

This ground breaking toilet seat has been born out of the complaints from consumers that their toilet seats were forever coming loose. Using a double fixing system, these toilet seats are applied using both a glue and screw system to secure the toilet seat hinges in place. The toilet seat is then ready to use and there's no more movement.

## NO MORE MOVEMENT

### GLUE

Position the hinges and then glue in place with the high strength adhesive supplied.

### SCREW

Screw in place using the tool provided.

### READY TO USE

The toilet seat is ready to use immediately.

Croydex has developed a solution for in-shower accessories that promises to make rust stains a thing of the past. Designed with a special coating, the rust free wire ware products are suitable for use within any 'wet' shower area or bathroom, giving consumers a real confidence and reliability in the product and all come with a five year, ten year or lifetime guarantee.

## RUST FREE GUARANTEE

See our demonstration videos online at [www.croydex.com](http://www.croydex.com) or scan the QR code below

# Symbols Key

Our new catalogue contains a number of colour coded symbols and logos to help you understand some of the main features and benefits of our new and existing products. Please find below a description of these symbols to enable you to look out for them as you browse the product details.

## Flexi-Fix

The Flexi-Fix concept uses a unique bracket that is so universal it can be used when replacing the majority of existing bathroom accessories by utilising the same fixing holes irrespective of spacing or alignment.

## Hang 'n' Lock

The Hang 'n' Lock bracket allows you to fit wall mounted cabinets and mirrors in a simple and safe way, using a patented system developed by our very own design team.

## Twist 'n' Lock Plus

Combines both suction fix and screw fix technology, allowing the complete range of wall mounted accessories to be used anywhere in the bathroom.

## Stick 'n' Lock Plus

Combines both screw fix technology and an adhesive pad system, allowing the complete range of wall mounted accessories to be used anywhere in the home.

## Press 'n' Lock

Suction fix technology; no drills, screws or glue required. Ideal for any flat, shiny glazed tiles or smooth glass surfaces.

## Click 'n' Lock

Click 'n' Lock products have been designed to be assembled without the use of tools within 15-20 minutes. A great time saving against traditional flat pack kits.

## Rust Free

Designed with a special coating, the rust free wire ware products are suitable for use within any 'wet' shower area or bathroom and all come with a five year, ten year or lifetime guarantee.

## Eco Function

Supplied with an optional water saving device that reduces water usage by up to 50%.

## Sit Tight

The 'Double-Fixed' toilet seat has been designed to never come loose. Using a glue and screw fixing system to secure the toilet seat hinges in place, your toilet seat is ready to use straight away with no more movement.

## Anti-Bacterial

Protects against:

<input checked="" type="checkbox"/> E-Coli	<input checked="" type="checkbox"/> Listeria
<input checked="" type="checkbox"/> MRSA	<input checked="" type="checkbox"/> Salmonella
<input checked="" type="checkbox"/> Odours	<input checked="" type="checkbox"/> Staining
<input checked="" type="checkbox"/> Mould & Mildew	

## Soft Close

Soft close hinges prevent the seat from slamming closed.

## Quick Release

Allows the seat to be removed easily for cleaning.

## Top Fix

Allows the seat to be fitted from above.

## Easy Fix

No tools required

## Vari-Fit

A flexible mounting system which allows existing screw holes to be re-used, no additional drilling is required.

## Hygiene 'n' Clean

This treatment helps reduce or prevent the growth of germs on products carrying the Hygiene 'n' Clean logo, keeping them fresher, safer and more hygienic than similar untreated products.

## Unfold 'n' Fit

The revolutionary quick-assembly flat pack system.

## New for 2017

Welcome to the 2017 Croydex collection; a comprehensive range of bathroom products that offer a broad selection of categories and designs. Our new 2017 catalogue announces the introduction of over 130 new products, including our new range of illuminated cabinets.

Added to the portfolio of existing cabinets are a range of illuminated cabinets that are sure to brighten up any bathroom. This new range of LED illuminated cabinets reflect the on-going trend for multi-functional bathroom accessories that make the most of small spaces. These cabinets can add some glamour to any bathroom without the premium price.

For most people, washing themselves is an automatic routine and is often taken for granted. Showering can be a difficult task for individuals with mobility issues which is why we have extended our range of inclusive products to include new modern and stylish stainless steel grab bars, to make life that little bit easier.

Two new ranges of freestanding accessories have been added to the Homewares section to perfectly complement your bathroom.

With co-ordination at the top of anyone's list a beautifully styled range of bath mats and shower curtains have been introduced into this year's range. Taking focus from the latest colour trends these shower curtains and mats are the perfect choice for accessorising your bathroom.

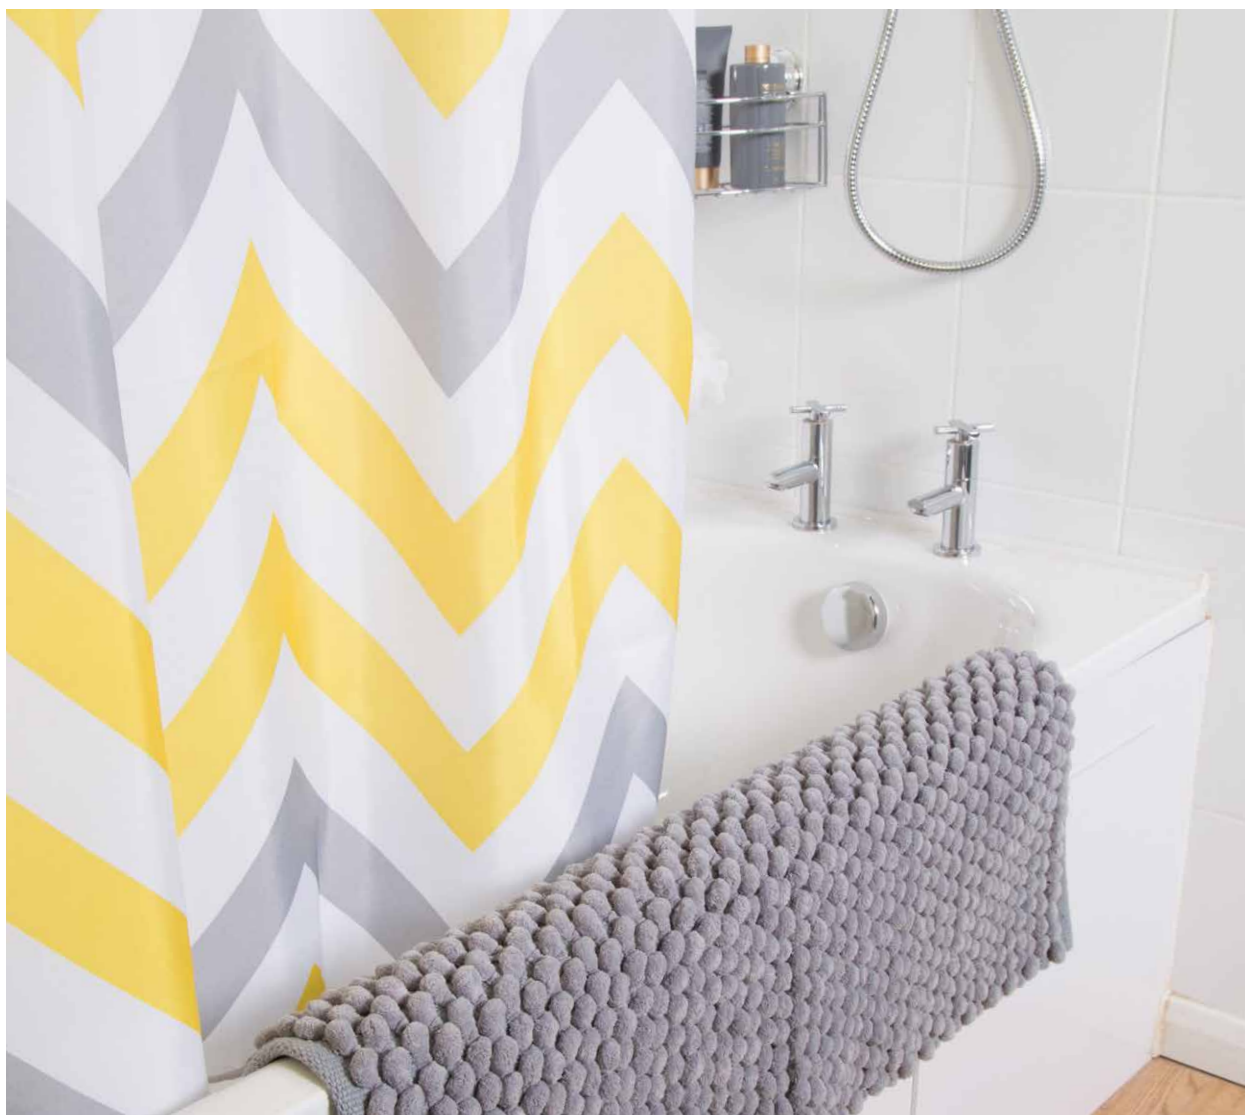

New to wall mounted accessories are the 1919 and Grosvenor Flexi-Fix collections. With a style to suit any home the classically styled sets are the perfect addition to your home.

The new Flexi-Fix Shower screen provides a single person installation and always level fitting, making this a simple and safe process even for the novice DIYer.

Take your time browsing through our pages and in return we offer you a superb choice of bathroom accessories to suit all your needs and budgets.

Alternatively you can visit us online at [www.croydex.com](http://www.croydex.com) where you will find our full range of products along with tutorial videos and downloads.

If you have any questions or wish to speak to someone regarding any of our products, simply call 01264 365881 and our friendly customer sales team will be happy to help.

## Shower Curtains & Rings

Keeping your bathroom looking fresh and clean while also adding a touch of character is easy with Croydex's range of shower curtains. Croydex is a leading supplier in the UK and provides a range of designs, all made to the highest quality.

# Shower Curtains

Our comprehensive range of shower curtains includes products made from a number of different materials. The material used to manufacture a shower curtain can affect how it looks and feels, the service you can expect it to provide and how it should be cared for.

So that you can choose the curtain that is best suited to your needs and care for it in a way that will ensure it always looks as good as the day it was first hung, the following information may be useful.

## Vinyl Shower Curtains

Vinyl shower curtains are 100% waterproof. The sides and bottom of all our vinyl curtains are cut rather than sewn and the eyelets are welded. These curtains can be wiped clean with a damp cloth and hung out to dry; they cannot be machine washed, dry-cleaned, tumble dried or ironed.

Our range of vinyl curtains are made from the following material:

### PVC - Polyvinyl Chloride

PVC is a fully waterproof material which is both soft and strong. Designs featuring a clear background are generally printed on a PVC base sheet as this effect can easily be achieved using this material.

## Textile Shower Curtains

Textile shower curtains are water-resistant. The 100% polyester fabric is made water-resistant by the addition of an acrylic coating that we call Proseal®. The sides, top and bottom of our textile curtains are neatly hemmed and the bottom hem includes a weight to ensure that the curtain hangs straight and does not cling to the user when wet. The eyelets are reinforced with a corrosion-resistant metal to give a smart finish. All textile curtains can be machine washed at 40°C and pressed with a cool iron.

Our range of textile curtains are all manufactured from 100% polyester and they can be broadly divided into the following headings:

### Plain and Patterned Fabric

With their water-resistant Proseal® coating, all plain and printed shower curtains from Croydex are 100% polyester and create an effective water-resistant barrier in the bath or shower. A made-to-measure service is available on selected plain curtains providing a variety of sizes made to order.

### Hook 'n' Hang

Our hookless shower curtains are made from 100% polyester fabric and come complete with twelve heavy duty split plastic eyelets for fast and easy installation, so there is no need to buy separate shower curtain hooks.

## Showers & Shower Accessories

Croydex's extensive collection includes everything from overhead showers to adjustable wall brackets and boasts both attractive styling and reliability. So why not choose from this impressive selection of products to refresh and rejuvenate your bathroom.

SHOWERS & SHOWER  
ACCESSORIES

# Water Label & Water Efficient Handsets

The European Water Label is a voluntary scheme and is open to all companies who manufacture or sell products in the UK that meet the criteria. The Bathroom Manufacturer's Association (BMA), the lead trade association for manufacturers of products in the UK is the facilitator of this scheme.

Croydex have been actively selling water efficient shower accessories for many years and have now been recognised by the BMA with several of its water efficient shower handsets now included in the Water Label.

Offering the latest water-saving technology, each of the handsets included in the Water Label feature Croydex's innovative Eco Function. The optional water saving device reduces water usage by up to 50% compared to flow rates through the hand shower without it fitted. Simple to fit, the device is inserted into the handset or showerhead during installation and can be removed as and when required. It can be used in conjunction with most systems, excluding electric showers.

Modern bathroom fittings are designed to be more water efficient without compromising performance.

Water efficient products will help your customers save water and save money on their energy bills because they are not heating so much water.

Look for the Water Label above on featured products.

## What is the Water Label?

The Water Label enables customers across Europe to easily compare the amount of water different products use and make informed decisions that will save them water and money. Major DIY retailers, builders and plumbers' merchants and manufacturers of bathroom products are committed to using the Water Label for all bathroom fittings.

Thousands of bathroom products are registered with the European Water Label. Once registered, products are given a Water Label rating based on the manufacturers' product information.

You can look online to search for products already registered with the Water Label at [www.europeanwaterlabel.eu](http://www.europeanwaterlabel.eu) and click on 'Find a Product'.

## How the Label Works

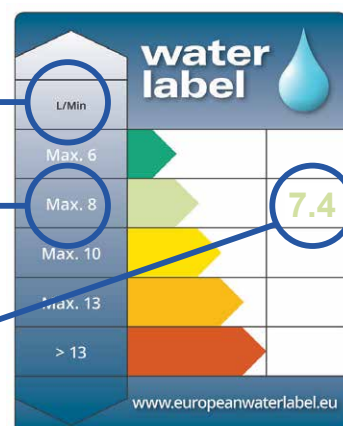

The Water Label shows the amount of water the product uses. Products are grouped into colour-coded performance bands depending on how much water they use. The smaller the arrow, the more water efficient the product with green being the most efficient.

Your customers will be familiar with the style of the labelling as it's similar to the energy labelling used on white goods (like fridges and washing machines) and electronic products.

AM182241	Chrome	£84.51

Packaging: Full colour open box

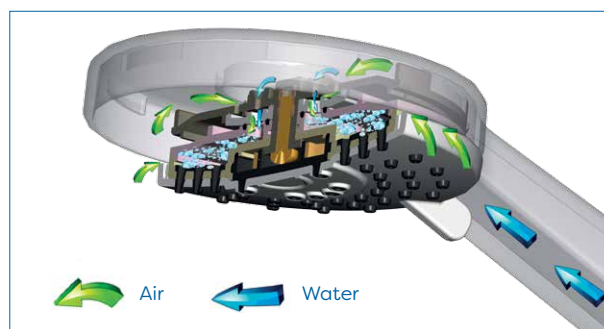

Un-inspiring and expensive showers are a thing of the past with the new Aqua Air showering products from Croydex.

Aqua Air products produce a bigger and softer water droplet to enhance and improve your showering sensation and pleasure, whilst also reducing your water consumption without the need for a water saving device.

How Aqua Air works is simple – water flowing through the shower head draws in air, which is then mixed with the water. This creates bigger, softer, aerated water droplets within a volumised shower spray, which enhance the showering sensation and provide a high quality showering experience with lower water consumption.

In fact Aqua Air shower handsets can save up to 50% water when compared to similar standard shower handsets.

## BLENCOE ONE FUNCTION SHOWER HANDSET

- Rain spray ABS handset with Aqua Air™ technology

Packaging: Polybag with header card

# Water Saving and Tap Accessories

Water is something most of us take for granted; the average person in England and Wales uses approximately 150 litres of water per day, mainly for bathing, cooking, cleaning, drinking and flushing the WC. This is an increase of 50% more water than 25 years ago and in real terms we actually use in excess of 3,400 litres of water every day, as all that we consume has embedded water. As more than 60% of water used in the home is in the bathroom it is a good starting point to ask how much water a product uses when buying bathroom products.

In February 2009 the government announced plans to retrofit every home in the country for energy efficiency, and to make all homes and buildings zero carbon by 2050, revolutionising the energy efficiency of British properties.

Today's modern households have the luxury of high pressure water systems. As more and more households are metered this means that the homeowner is paying for the wasted water and increasingly expensive energy consumption through lack of knowledge or education.

Croydex offers a range of water saving flow regulators that can be added to existing taps or showers\* to allow you to save water where high pressures exist without compromising the performance of your tap or shower.

Flow regulators are produced with an ingenious design of components that compensates for increasing pressures whilst keeping the flow constant. This ensures that a constant flow of water is maintained regardless of the water pressure as soon as the regulator reaches the pressure where it starts to regulate. At a pressure of 1 bar the O-ring in the core of the flow regulator begins to compress around the core of the regulator insert so that the water passageway begins to be restricted, this continues as pressure increases. That way you save water, but still keep a good water pressure with a constant flow rate.

The universal adaptor rings for both male and female connections mean that these products can be used on any tap or showers that have a suitable threaded outlet and, as a large amount of water used in the bathroom and kitchen is hot water, the cost saving is not only in the water bill but also on energy bills as well.

Croydex has always been a supporter of energy saving and has products listed on the ever increasing and popular Water Label Scheme administered by the Bathroom Manufacturer's Association. So whether through the purchase of a new product or the conversion of an old product, you can rest assured you are saving on energy.

\* Please note these regulators are not suitable for electric showers or electric hand washing water heaters. These products are designed with a specific flow rate to suit the individual units and any change to this may result in an unsatisfactory performance.

\*\* Type 1 taps from EN 200:2008 deliver 12 litres per minute

\*\*\* Type 1 Bath shower mixers from EN 200:2008 deliver 12 litres per minute. Showers and bath mixers from EN 1111:1998 deliver 12 litres per minute

## SHOWER ADAPTOR

- The adaptor fits between:
  - Shower arm to showerhead
  - Mixer to hose
  - Hose to handshower
- 8 Litres per minute provides a typical saving of 4 litres per minute\*\*\*
- For pressures above 1 bar

## SHOWER FLOW LIMITER PACK

- Pack includes 3 flow regulators
- For use with Shower Adaptor AM164541
- Flow regulator provides a typical saving of:
  - Green 6 litres per minute\*\*\*
  - Blue 4 litres per minute\*\*\*
  - Orange 2 litres per minute\*\*\*
- For pressures above 1 bar

## Bath Mats & Pillows

Our attention to detail, the use of the highest quality materials and manufacturing techniques has made Croydex one of the UK's leading suppliers of in-bath mats and pillows.

BATH MATS  
& PILLOWS

# Bath Mats – Hygiene ‘n’ Clean

Hygiene ‘n’ Clean is an anti-microbial treatment that is incorporated into certain in-bath mats and pillows at the time of manufacture. This treatment is safe for people, pets and the environment and is effective for the life of the product.

Hygiene ‘n’ Clean inhibits the development of bacteria, fungi and other micro-organisms, which can degrade products and generate unpleasant odours. Hygiene ‘n’ Clean also helps to protect against a range of pathogens including E-Coli, Listeria, MRSA and Salmonella, to name but a few!

By inhibiting bacterial growth on products that have high levels of consumer contact, the chance of cross contamination is greatly reduced, whilst hygiene levels are increased.

### \* BS8445:2012.

All bath and shower mats supplied by Croydex have been independently tested and exceed the performance levels for slip-resistant bath and shower mats required by BS8445:2012. To fully comply with the British Standard each bath and shower mat must be permanently marked with the Croydex logo, a manufacturing batch identification and the number of the British Standard; the accompanying retail packaging must be marked with the number of the British Standard. The necessary markings will be applied to the product and packaging for selected bath and shower mats during 2017.

## Toilet Seats & Bath Panels

Hygiene is just as important as appearance for Croydex which is why our range of antibacterial toilet seats are sure to make your bathroom a safer place. With a range of colours and finishes available there's something for everyone.

# Double Fixed Toilet Seats

One of the biggest problems in most bathrooms these days is the toilet seat coming loose over time. Whether it be through normal use or incorrect fixing there is nothing worse than attempting to sit down on the toilet seat and then precariously slipping sideways!

This common problem can be solved immediately by fitting a Sit Tight 'Double Fixed' toilet seat to your pan. Designed to give you the peace of mind that your toilet seat will never come loose, the Sit Tight toilet seat uses a glue and screw fixing system to secure the toilet seat hinges in place.

Using the toilet seat to get the correct position, the hinges are glued in place with a high strength adhesive. The toilet seat is fitted onto the pan and screwed in place using the tool provided. The 'Double Fixed' toilet seat is ready to use straight away with no more movement; just fit and forget!

Available in a variety of finishes, the Sit Tight toilet seat is suitable for any bathroom style.

## GLUE

Position the hinges and then glue in place with the high strength adhesive supplied.

## SCREW

Screw in place using the tool provided.

## READY TO USE

The toilet seat is ready to use immediately.

## FEATURES KEY

Products marked with these icons include this feature.

Packaging: Full colour box

## Toilet Seats – SafeFlush

Did you know every time you flush the toilet a fine mist, much like an aerosol spray, containing harmful micro-organisms is spread throughout the bathroom onto nearby objects in the bathroom such as your toothbrush. This mist can include the pathogens that cause illnesses such as MRSA, Shingella, E-Coli and Salmonella to name just a few.

To tackle this problem Croydex have developed a unique toilet seat that prevents the spread of germs and bacteria when the toilet is flushed by sealing them into the toilet bowl.

SafeFlush also benefits from being treated with Hygiene 'n' Clean anti-bacterial technology.

Independent testing by IMSL - Industrial Microbiological Services LTD. Research has shown that when flushing with a conventional toilet seat bacteria is spread by more than two metres. When SafeFlush is fitted no bacteria is spread.

See our website for full independent research by IMSL.

### BEFORE with conventional seat

Every time your toilet is flushed, whether the seat and lid are up or down, a fine mist containing micro-organisms is spread throughout the bathroom.

### AFTER with SafeFlush

The double seal on the SafeFlush seat creates a seal between the lid and seat as well as the base of the seat and the bowl, helping to ensure that germs and bacteria are kept where they belong.

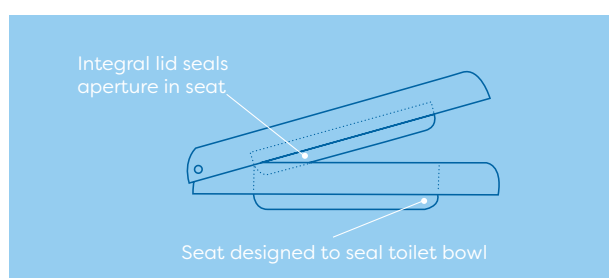

## SAFEFLUSH TOILET SEAT

- Smart white thermoset seat with chrome plated fixings
- Special seal stops the spread of germs and bacteria outside of the toilet
- Includes Hygiene 'n' Clean anti-bacterial treatment
- Fits most standard size toilets
- Up to 75% reduction in noise when flushing
- Toilet seat hinges can be adjusted to suit fixing hole centres from 135mm to 165mm
- Practical soft close hinges stop the lid from slamming
- All fittings included

CODE	FINISH	RRP
WL110922H	White	£72.30

Packaging: Full colour box

## Wall Mounted Accessories

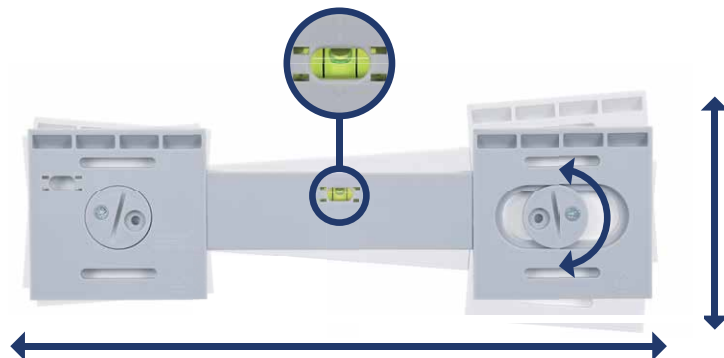

Wall mounted accessories are essential for keeping your bathroom clutter free. Our stylish range offers a variety of fixing methods and some products can even be installed without drilling through tiles.

## Hang'n'Lock™ – Mirrors

Easy Installation Bracket • Fully Adjustable • Single Person Install

The patented Hang 'n' Lock easy installation bracket from Croydex is a simple and safe solution for hanging your cabinet or mirror.

Hang 'n' Lock provides the flexibility to change the level of your cabinet or mirror after having drilled your holes.

Scan the QR code to view our Hang 'n' Lock demonstration video or visit [www.croydex.com](http://www.croydex.com)

1.  Attach the bracket to the wall
2.  Adjust the level
3.  Hang your mirror or cabinet
4.  Lock securely in place  
\*Different locking systems apply to mirrors & cabinets

# Flexi Fix™ Wall Mounted Accessories

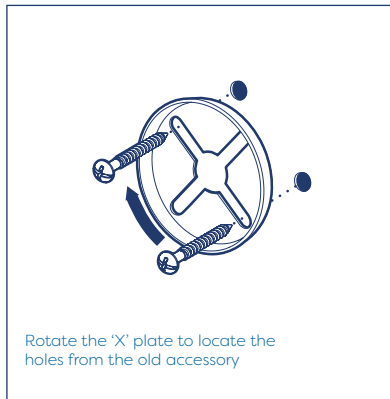

## THREE WAYS TO FIX YOU CHOOSE HOW

Scan the QR code  
to view our Flexi-Fix  
demonstration video  
or visit [www.croydex.com](http://www.croydex.com)

### RE-FIX – NO DRILLING REQUIRED

Aligns to old holes

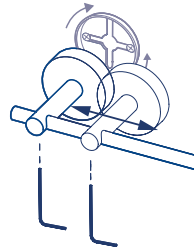

Remove old  
accessory

Use existing holes  
for new accessories

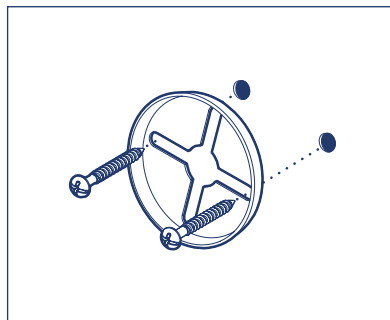

Fix accessory in  
place

**Towel Rails and Glass Shelves:**  
Moveable wall brackets can be positioned to the  
same length as the old accessory. The 'X' plate is  
then rotated to locate the existing holes.

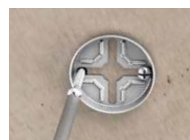

### SCREW-FIX – DRILLING REQUIRED

To new holes

Drill new holes  
– no need for  
accurate drilling

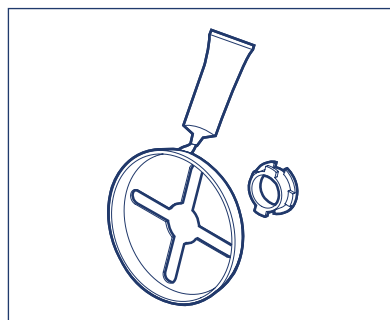

Screw 'X' plate to  
the wall

Fix accessory in  
place

### GLUE-FIX – NO DRILLING REQUIRED

To most surfaces

Position the  
alignment guide in  
desired location

Apply Flexi-Fix  
adhesive to the  
'X' plate

Fix accessory in  
place

## Semi Permanent Accessories

Croydex offers the ultimate quick fix solution with this wide range of easy fixing bathroom accessories. These products take the hassle out of DIY and provide you with those all important finishing touches to your bathroom.

SEMI PERMANENT  
ACCESSORIES

# Stick'n'Lock™ – Semi Permanent Accessories

## EASY FIXING ACCESSORIES – TWO WAYS TO FIX

- Five year rust free guarantee
- Sticky pad adheres to most flat, finished surfaces. (It is unsuitable for some unfinished materials such as brick, blockwork and loose, flaky surfaces)
- Screw fix fits to any surface including uneven textured tiles
- Chrome plated mild steel
- Easy to remove and clean (when applied using the adhesive fix method)
- Screw pack and fitting instructions included

Scan the QR code to view our Stick 'n' Lock demonstration video or visit [www.croydex.com](http://www.croydex.com)

### ADHESIVE FIX

1. Unscrew the decorative cap and remove the adhesive pad from the product
2. Remove the protective cover from the adhesive pad and place in position on a clean wall surface
3. Place the product over the adhesive pad and rotate the decorative cap until fully tight

### OR... SCREW FIX

1. Unscrew the decorative cap, remove and discard the adhesive pad from the product
2. Drill and insert the wall plug and double-ended screw into position on the wall surface
3. Place the product over the double-ended screw and rotate the decorative cap until fully tight

# Twist'n'Lock™ – Semi Permanent Accessories

## EASY FIXING ACCESSORIES – TWO WAYS TO FIX

- Suction fix fits to smooth, flat, shiny glazed tiles or glass
- Screw fix fits to any surface including uneven textured tiles
- Chrome plated mild steel
- Easy to remove and clean (when applied by the suction fix method)
- Screw pack and fitting instructions included

### SUCTION FIX

1. Ensure the cap is fully tightened first and then loosen the cap by six complete rotations
2. Place the product against the wall and press the centre of the cap firmly.
3. Rotate the cap clockwise until fully tight

### OR... SCREW FIX

1. Unscrew the decorative cap and remove the sucker
2. Drill and insert the wall plug and double-ended screw into position on the wall surface
3. Place the product over the double-ended screw and rotate the decorative cap until fully tight

Scan the QR code to view our Twist 'n' Lock demonstration video or visit [www.croydex.com](http://www.croydex.com)

Note: Chrome plated mild steel products are suitable for use in most locations in a bathroom. They should not be positioned directly under a water stream or in a wet location.

# Cabinets & Storage

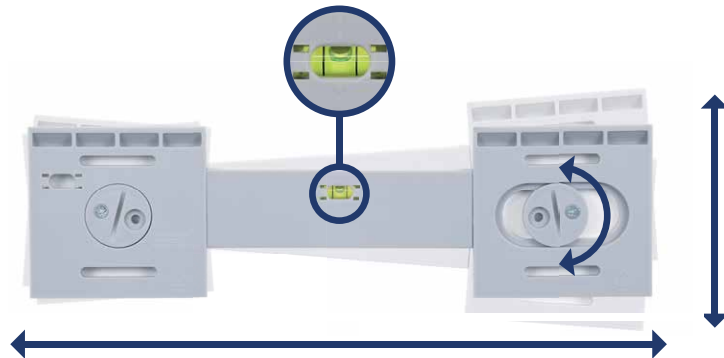

Storage is an integral part of any bathroom and the Croydex range of furniture and cabinets certainly make a smart addition to any home. With a wide variety on offer, you are sure to find a storage solution to help your bathroom stand out from the crowd.

# Hang'n'Lock™ – Cabinets

Easy Installation Bracket • Fully Adjustable • Single Person Install

The patented Hang 'n' Lock easy installation bracket from Croydex is a simple and safe solution to hang your cabinet or mirror.

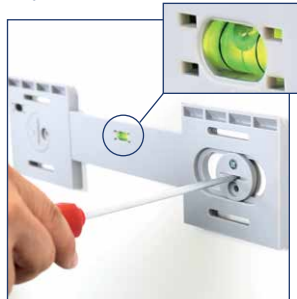

Hang 'n' Lock provides the flexibility to change the level of your cabinet or mirror after having drilled your holes.

1.

Attach the bracket to the wall

2.

Adjust the level

3.

Hang your mirror or cabinet

4.

Lock securely in place

Scan the QR code to view our Hang 'n' Lock demonstration video or visit [www.croydex.com](http://www.croydex.com)

## Illuminated Cabinets

Here at Croydex we offer a selection of illuminated bathroom cabinets to choose from, so why not enhance your bathroom's design with a cabinet that's both functional and stylish.

All our cabinets are supplied fully assembled and come with all fixtures, fittings and bulbs included. Not only will these cabinets add a touch of elegance to your room, they are also RoHS compliant and IP24/44 rated, meaning they are suitable for use in the outside zone.

When it comes to choosing a stylish storage unit, illuminated cabinets are the perfect choice for any bathroom.

# Terms & Conditions

## CROYDEX CONDITIONS OF SALE

### These Conditions of Sale are applicable to the United Kingdom

These Conditions of Sale ("Conditions") govern all sales of goods (including any sales of spares) by Croydex a division of Norcros Group (Holdings) Limited, a company registered in England and Wales and whose registered office is situated at Ladyfield House, Station Road, Wilmslow, Cheshire SK9 1BU ("Croydex"), to you, the Buyer named on the Order. These Conditions shall govern the sale to the exclusion of all other terms or conditions and no conduct by Croydex shall constitute acceptance of any other terms or conditions. No variation of these conditions will bind unless it is made in writing and signed by a director of Croydex.

#### 1 Basis of Sale

- 1.1 Croydex shall sell and the Buyer shall purchase the Goods as described in and in accordance with any Order signed by the Buyer, which is accepted by Croydex subject to these Conditions. For the purposes of these Conditions an "Order" shall be a written instruction to supply the Goods, which shall incorporate these Conditions and a "Contract" shall mean the Order and Croydex's acceptance of the Order.
- 1.2 Any estimates issued to the Buyer by Croydex may be withdrawn or varied at any time and unless otherwise specified shall be automatically withdrawn after 60 days. No binding contract shall in any event arise until the Buyer's signed Order has been accepted by Croydex and confirmed in writing by Croydex's authorised representative.
- 1.3 For the avoidance of doubt, if there is any conflict between any special terms and conditions agreed between Croydex and the Buyer in relation to the Contract and the terms and conditions set out in these Conditions, the special terms shall prevail.
- 1.4 Croydex's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by Croydex in writing.
- 1.5 Any advice or recommendation given by Croydex or its employees or agents to the Buyer or its employees or agents as to the storage, application or use of the Goods which is not confirmed in writing by Croydex is followed or acted upon entirely at the Buyer's own risk, and accordingly, Croydex shall not be liable for any such advice or recommendation which is not so confirmed.
- 1.6 Any illustrations or descriptive material and other information contained in Croydex's brochures, advertising materials or elsewhere shall not form part of the Contract and shall be treated as approximate and for guidance only unless specifically stated otherwise. Croydex may at its discretion from time to time vary the design of the Goods from that advertised without notice to the Buyer provided that any such variations do not constitute material alterations to the Goods.
- 1.7 If a sample of the Goods has been supplied, exhibited or inspected by the Buyer, the Buyer acknowledges and agrees that such sample was exhibited and inspected solely to enable the Buyer to assess the general quality of the Goods and nothing in these Conditions shall be deemed to confirm that the Goods will correspond to any such sample. Where dimensions of rubber or plastic Goods are set out in any of Croydex's brochures, advertising materials or elsewhere, the Buyer acknowledges and agrees that where such Goods are extruded or moulded, such dimensions may not be exactly reproduced due to the production processes.

#### 2 Orders and Specifications

- 2.1 The Buyer shall be responsible to Croydex for ensuring the accuracy of the terms of any Order (including any applicable specification) submitted by the Buyer and for giving Croydex any necessary information relating to the Goods within a sufficient time to enable Croydex to perform the Contract in accordance with its terms.
- 2.2 The quantity, quality and description of, and/or any specification for, the Goods shall be those set out in the estimate or Order signed by the Buyer and accepted by Croydex.
- 2.3 No Order which has been accepted by Croydex may be cancelled or varied by the Buyer except with the agreement in writing of Croydex and on terms that the Buyer shall indemnify Croydex in full against all loss (including loss of profit) costs (including the costs of all labour and materials used) damage, charges and expenses incurred by Croydex as a result of cancellation.

#### 3 Price of the Goods

- 3.1 The price of the Goods shall be Croydex's quoted price or, where no price has been quoted, the price listed in Croydex's price list current at the date of acceptance of the Order.
- 3.2 Croydex reserves the right by giving notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any change in delivery dates, quantities or specifications for Goods which is requested by the Buyer, to reflect any uplift in the price of raw materials or such other similar reason or any delay caused by instructions of the Buyer or failure of the Buyer to give Croydex accurate information or instructions.

- 3.3 Unless otherwise agreed in writing between the Buyer and Croydex all prices are given by Croydex on an ex works basis and where Croydex agrees to deliver the Goods otherwise than at Croydex's premises, the Buyer shall be liable to pay Croydex's charges for transport, packaging and insurance.
- 3.4 The price is exclusive of any applicable Value Added Tax or any other tax, duty tariff or charge arising in the United Kingdom or elsewhere.
- 3.5 Where delivery is to take place outside of the United Kingdom the price is exclusive of any import duties, local taxes or other local charges which may be in force from time to time.

#### 4 Payment Terms

- 4.1 Subject to any special terms in writing between the Buyer and Croydex, Croydex shall be entitled to invoice the Buyer with the price of the Goods (or part thereof) on or at any time after delivery of the Goods, unless the Goods are to be collected by the Buyer or the Buyer wrongfully fails to take delivery of the Goods, in which event Croydex shall be entitled to invoice the Buyer for the price at any time after Croydex has notified the Buyer that the Goods are ready for collection or (as the case may be) Croydex has tendered delivery of the Goods.
- 4.2 Subject to any special terms in writing between the Buyer and Croydex the Buyer shall pay the price of the Goods not later than 30 days after the date of the invoice relating to the Goods. The time of payment shall be of the essence of the Contract. All payments shall be made in full without deduction in respect of any set-off or counterclaim.
- 4.3 If the Buyer fails to make any payment on the due date then without prejudice to any other right or remedy available to Croydex, Croydex shall be entitled to:
  - (a) cancel the Contract or suspend any further deliveries to the Buyer;
  - (b) appropriate any payment made by the Buyer to such of the Goods (or the goods supplied under any other contract between the Buyer and Croydex) as Croydex may think fit (notwithstanding any purported appropriation by the Buyer); and
  - (c) charge the Buyer interest (both before and after any judgment) on the amount unpaid, at the rate of 5 per cent per annum over the base rate for the time being of HSBC Bank plc (such interest being deemed to accrue from day to day and being compounded on the last day of each calendar month) until payment is made. For the avoidance of doubt Croydex reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.
- 4.4 The Buyer shall be solely responsible for any associated bank charges incurred by the Buyer in relation to the purchase of the Goods which for the avoidance of doubt shall include (without limitation) payments made on the basis of a letter of credit or any other similar charges.

#### 5 Delivery

- 5.1 Delivery of the Goods shall be made by the Buyer collecting the Goods at Croydex's premises at any time after Croydex has notified the Buyer that the Goods are ready for collection or, if some other place for delivery is agreed by Croydex, by Croydex delivering the Goods to that place.
- 5.2 Croydex shall endeavour to deliver the Goods by the date(s) agreed but such date(s) is/are not guaranteed nor shall the time(s) for delivery be of the essence unless previously agreed by Croydex in writing. The date(s) quoted shall be extended by a reasonable period if there is any delay caused by industrial dispute or by any cause beyond the reasonable control of Croydex. Croydex shall under no circumstances be liable to compensate the Buyer in respect of late delivery.
- 5.3 Where the Goods are to be delivered in instalments, each delivery shall constitute a separate contract and failure by Croydex to deliver any one or more of the instalments in accordance with these Conditions or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as a whole as repudiated.
- 5.4 If the Buyer fails to take delivery of the Goods or fails to give Croydex adequate delivery instructions at the time stated for delivery (otherwise than by reason of any cause beyond the Buyer's reasonable control or due to the fault of Croydex) then without prejudice to any other right or remedy available to Croydex, Croydex may:
  - (a) store the Goods until actual delivery and charge the Buyer for the reasonable costs (including insurance) of storage; or
  - (b) sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) account to the Buyer for the excess over the price under the Contract or charge the Buyer for any shortfall below the price under the Contract.

#### 6 Risk and Property

- 6.1 Risk of damage to or loss of the Goods shall pass to the Buyer:
  - (a) in the case of the Goods to be delivered at Croydex's premises (by the Buyer collecting the Goods), at the time when Croydex notifies the Buyer that the Goods are available for collection; or
  - (b) in the case of Goods to be delivered otherwise than at Croydex premises, at the time of delivery or, if the Buyer wrongfully fails to take delivery of the Goods, the time when Croydex has tendered delivery of the Goods.

# Terms & Conditions

- 6.2 Notwithstanding delivery and the passing of risk in the Goods, or any other provision of these Conditions, the property in the Goods shall not pass to the Buyer until Croydex has received in cash or cleared funds payment in full of the price of the Goods and all other goods agreed to be sold by Croydex to the Buyer for which payment is then due.
- 6.3 Until such time as the property in the Goods passes to the Buyer:
- in the case of Goods to be delivered otherwise than at Croydex's premises the Buyer shall hold the Goods as Croydex's fiduciary agent and bailee;
  - shall keep the Goods separate from those of the Buyer and third parties and properly stored, protected, insured and identified as Croydex's property but the Buyer shall be entitled to resell or use in the ordinary course of its business; and
  - (provided that the Goods are still in existence and have not been resold) Croydex shall be entitled at any time to require the Buyer to deliver up the Goods to Croydex and, if the Buyer fails to do so forthwith, to enter upon any premises of the Buyer or any third party where the Goods are stored and repossess the Goods.
- 6.4 The Buyer shall not be entitled to pledge or in any way charge by way of security for any indebtedness any of the Goods which remain the property of Croydex, but if the Buyer does so all monies owing by the Buyer to Croydex shall (without prejudice to any other right or remedy of Croydex) forthwith become due and payable.

## 7 Notification of Claims

- 7.1 Any claim for non-delivery of any Goods shall be notified in writing by the Buyer to Croydex within 7 days of the date of Croydex's invoice.
- 7.2 Any claim based on any defect in the quality or condition of the Goods or their failure to correspond with specification shall (whether or not delivery is refused by the Buyer) be notified to Croydex within 3 days from the date of the delivery or (where the defect or failure was not apparent on reasonable inspection) within a reasonable time after discovery of the defect or failure.
- 7.3 If delivery is not refused, and the Buyer does not notify Croydex of any claim in accordance with the provisions of this clause, the Buyer shall not be entitled to reject the Goods and Croydex shall have no liability for such defects or failure, and the Buyer shall be bound to pay the price as if the Goods had been delivered in accordance with the Contract.
- 7.4 Where the Goods are defective and the Buyer has notified Croydex in accordance with Clause 7.2 above, such Goods may be returned to Croydex by prior arrangement and the Buyer shall be entitled to avail itself of the remedies set out in Clause 8.

## 8 Warranties and Liabilities

- 8.1 Save as otherwise agreed in writing by Croydex from time to time, Croydex does not give to the Buyer any guarantees, conditions or warranties (including in respect of the quality of the Goods or the fitness for their purpose) whether express or implied by statute or common law or otherwise except that this clause shall in no way exclude any warranties, conditions or other terms where the Goods are sold to a person dealing as a consumer (within the meaning of the Unfair Contracts Terms Act 1977).
- 8.2 Croydex will be under no liability:
- in respect of any default in the Goods arising from any drawing, design or specification supplied by the Buyer;
  - in respect of any defect arising from fair wear and tear, wilful damage, negligence, failure to follow Croydex's instructions (whether oral or in writing), misuse, alteration, or repair of the Goods without Croydex's approval;
  - under any other warranty, condition or guarantee if the total price for the Goods has not been paid by the due date for payment.
  - for any defect arising following the installation of any spare, consumable or other part not purchased from Croydex or any defect following any servicing, modification or other work not carried out by Croydex.
- 8.3 Subject as expressly provided in these Conditions all warranties, conditions or other terms implied by statute or common law are excluded to the fullest extent permitted by law.
- 8.4 Where any valid claim in respect of any of the Goods which is based on any defect in the quality or condition of the Goods or their failure to meet specification is notified to Croydex in accordance with these Conditions, Croydex shall, at its sole discretion, replace or repair the Goods (or the part in question) free of charge or refund the price paid for the Goods by the Buyer but Croydex shall have no further liability to the Buyer.
- 8.5 Except in respect of death or personal injury caused by Croydex's negligence, Croydex shall not be liable to the Buyer by reason of any representation (other than fraudulent misrepresentation) or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the Contract for any consequential loss or damage (whether for loss of profit or otherwise), costs, expenses, or other claim for consequential compensation whatsoever (and whether caused by the negligence of Croydex, its employees or agents or otherwise) which arises out of or in connection with the supply of the Goods or their resale by the Buyer, except as expressly provided in these Conditions.

- 8.6 The Buyer shall indemnify Croydex and keep Croydex fully indemnified on demand against any loss of or damage to any property or injury to or death of any person caused by any negligent act or omission or breach of these Conditions by the Buyer, its employees, agents or sub-contractors.

## 9 Force Majeure

- 9.1 Croydex shall not be liable to the Buyer or be deemed to be in breach of the Contract by reason of any delay in performing, or any failure to perform, any of Croydex's obligations in relation to the Goods, if the delay or failure was due to any cause beyond Croydex's reasonable control. Without prejudice to the generality of the foregoing, the following shall be regarded as causes beyond Croydex's reasonable control:
- Act of God, explosion, flood, tempest, fire or accident;
  - strikes, lock-outs or other industrial actions or trade disputes (whether involving employees of Croydex or third parties);
  - war or threat of war, sabotage, insurrection, civil disturbance or requisition;
  - import or export regulations or embargoes;
  - difficulties in obtaining raw materials, labour, fuel, parts or machinery;
  - power failure or breakdown in machinery.

## 10 Indemnity and Intellectual Property Right Ownership

- 10.1 The Buyer acknowledges that all technical data, drawings, reports and any other information of documents whatsoever (the "Croydex Documentation") which Croydex submits to the Buyer in the course of or prior to the execution of this Contract remains the property of Croydex and the copyright and any other intellectual property rights in the Croydex Documentation remains vested at all times in Croydex. The Buyer further agrees that the Croydex Documentation may not be used except in connection with the operation, maintenance and use of the Goods and may not be disclosed to any third parties.
- 10.2 The Buyer agrees that it will not at any time, without the prior written consent of Croydex, manufacture or have manufactured any goods in imitation of the Goods and it will not at any time dispute or assist any other person to dispute the validity of any intellectual property rights (whether registered or unregistered) in the Goods.
- 10.3 The Buyer shall indemnify and keep Croydex indemnified against all costs, expenses, damages and demands incurred by Croydex in respect of:
- any alleged infringement of the patents, trade marks, copyright, design or other intellectual property rights used by Croydex at the request of the Buyer;
  - any alleged breach or infringement of any statute or regulation concerning the preparation, marketing and distribution of the Goods sold by the Buyer;
  - any alleged breach of any statute relation to trade descriptions or weights and measures where Croydex relies or has relied upon information relating thereto or labels provided by the Buyer, and the breach does not arise from the negligence or default of Croydex;
  - any claims arising and made under the Consumer Protection Act 1987 and which arise by reason of or in connection with a defect in the Goods or in the end product manufactured and/or supplied by the Buyer in which the Goods are comprised, which defect is attributable either to the compliance by Croydex with the instructions given by the Buyer or to the Buyer's design of the end product.
- 10.4 The Buyer shall not without the prior written consent of Croydex:
- alter or make any addition to the labelling or packaging of the Goods displaying trade marks of Croydex or other intellectual property rights belonging to Croydex;
  - alter, deface or remove in any manner any reference to trade marks of Croydex, any reference to Croydex or any other name attached or affixed to the Goods or their packaging or labelling;
  - use any trade marks of Croydex or any other intellectual property rights provided on packaging or labelling of the Goods in any other way other than in respect of onward sales of the Goods;
  - use any trade marks or images confusingly similar to the trade marks or intellectual property rights supplied on packaging or labelling on the Goods;
  - use trade marks supplied on the Goods' packaging or labelling or any word confusingly similar to any of the same as, or as part of, its corporate or trading name;
  - apply for or obtain registration of any of the trade marks used on or supplied on the packaging or labelling of the Goods (or any trade or service mark which comprises of such trade marks or any confusingly similar word or words or logo) for any goods or services in any country;
  - do or omit to do anything which may diminish or devalue:
    - the reputation, image or prestige of; or
    - Croydex's rights in or to; or
    - impair any registration of any of the trade marks or intellectual property rights used on or supplied with the Goods.
- 10.5 The Buyer shall promptly give notice in writing to Croydex if it becomes aware that there is any infringement or suspected infringement of the trade marks or other intellectual property rights supplied or used on the packaging or labelling and in instances where the disposal of the Goods infringes the rights of any third party.

# Terms & Conditions

- 10.6 In the case of any matter falling within clause 10.5 above:
- Croydex shall in its absolute discretion determine what action if any shall be taken;
  - Croydex shall have sole control over and shall conduct any action as it shall deem necessary in pursuance of clause 10.6 (a);
  - the Buyer shall have no right to make any demands or bring any claim, effect any settlements or take any other action in respect of any infringement or suspected infringement without Croydex's prior consent (in writing and signed by a duly authorised representative); and
  - Croydex shall pay all costs in connection with any such action and shall be entitled to all damages and other sums which may be paid or awarded as a result of any such action.

## 11 Insolvency of Buyer

- 11.1 If:
- the Buyer makes any voluntary agreement with its creditors or becomes subject to an administration order or (being an individual or firm) becomes bankrupt or (being a company) goes into liquidation (otherwise than for the purposes of a solvent amalgamation or reconstruction);
  - an encumbrancer takes possession, or a receiver is appointed, over any of the property or any assets of the Buyer;
  - the Buyer ceases, or threatens to cease, to carry on business;
  - Croydex reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly; or
  - the Buyer is in material breach of these Conditions and has failed to remedy such breach (in the case of a breach capable of being remedied) within 30 days of receiving a notice requiring it to do so, Croydex shall be entitled to cancel the Contract or suspend any further deliveries under the Contract or provision of installation services without liability to the Buyer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

## 12 Confidentiality

- 12.1 Each party shall treat as confidential all information obtained from the other under this Contract and shall not divulge such information to any person (except to such party's own employees and then only to those employees who need to know the same) without the other party's prior written consent provided that this clause shall not extend to information which was rightfully in the possession of such party prior to the commencement of the negotiations leading to this Contract, which is already public knowledge or becomes so at a future date (otherwise than as a result of a breach of this clause) or which becomes known to such party from a source other than the other party to this Contract. Each party shall ensure that its employees are aware of and comply with the provisions of this clause. If Croydex shall appoint any sub-contractor then Croydex may disclose confidential information to such sub-contractor subject to such sub-contractor giving the Buyer an undertaking in similar terms to the provisions of this clause. The foregoing obligations as to confidentiality shall survive any termination of this Contract.

## 13 General

- 13.1 Any notice to either party under these Conditions shall be in writing by or on behalf of the party giving it and shall, unless delivered to a party personally, be left at or sent by prepaid first class post, prepaid recorded delivery, telex, facsimile or email to the address of the party as notified in writing from time to time.
- 13.2
- Either party may, in whole or in part, compound, waive or postpone, in its absolute discretion, any liability owed to it or right granted to it under the Contract by the other party without in any way prejudicing its rights in respect of any other liability or right so released, compounded, compromised, waived or postponed.
  - No single or partial exercise or failure or delay in exercising any right, power or remedy by either party shall constitute a waiver by that party of, or impair or preclude any further exercise of that or any right, power or remedy arising under the Contract or otherwise.
- 13.3 To the extent that any provision of these Conditions is found by any court or competent authority to be invalid, unlawful or unenforceable in any jurisdiction, that provision shall be deemed not to be a part of these Conditions, it shall not affect the enforceability of the remainder of these Conditions nor shall it affect the validity, lawfulness or enforceability of that provision in any other jurisdiction.
- 13.4 Any reference in these Conditions to any provision of a statute shall be construed to that provision as amended, re-enacted or extended at the relevant time.
- 13.5 The headings in these Conditions are for convenience only and shall not affect their interpretation.

- 13.6 For the purposes of section 1(2) of the Contracts (Rights of Third Parties) Act 1999 the parties state that they do not intend any term of these Conditions to be enforced by third parties but any third party right which exists independently of that Act is preserved.

## 14 Governing law and jurisdiction

- 14.1 These Conditions shall be governed by and construed in accordance with English law.
- 14.2 Each of the parties irrevocably submits for all purposes in connection with these Conditions to the exclusive jurisdiction of the courts of England.

"Any illustrations or descriptive material and other information contained in Croydex's brochures, advertising materials or elsewhere shall not form part of the Contract and shall be treated as approximate and for guidance only unless specifically stated otherwise. Croydex may at its discretion from time to time vary the design of the Goods from that advertised without notice to the Buyer provided that any such variations do not constitute material alterations to the Goods."
