Industrial matt black finishes bring depth and a modern feel, softened by fluted textures and gentle lines. Add a touch of greenery for contrast, fresh tones that lift the space and soften the structure.

Safari mono basin taps come fitted with cold start cartridges as standard. Delivering cold water only when the handle is in its central position, to prevent unnecessary boiler activation, reducing energy use and household bills. It's a small change that makes a big difference; helping you save energy without even thinking about it.
